Low-Cost . . . Transportation

For Your All-Weather Car

The steady increase in the use of closed cars is due to recognition of their superior ability to provide comfortable transportation twelve months in the year.

The sedan is cooler than an open car in summer and warmer in winter. In less than a minute it can be converted from a closed to an open car or vice versa, making it most adaptable to sudden weather changes.

The Star Sedan seats five average people comfortably, is fully equipped, finely upholstered and its engineering quality is unsurpassed in the low-priced field.

Call and learn why it offers the most for the money.

QUIHI NOTES.

A very interesting and profitable program was rendered by the Quihi Luther League last Sunday night in Bethlehem Lutheran Church. In spite of the threatening weather conditions the attendance was larger than the seating capacity of the church. All the musical and literary numbers of the League as well as several choice selections by the church choir were well rendered and greatly appreciated by the audience.

The Ladies' Aid Society of Bethlehem Lutheran church held a meeting to discuss the details of the bazaar to be given on Thanksgiving day. Besides kindly requesting all members and friends of the church to make suitable donations and bring them as soon as possible to the arrangement's committee or officers of the society, it was determined to have refreshments for sale and the rendition of a fine program at night. A cordial welcome to come and share in this enterprise is extended to all.

Sunday school begins next Sunday and hereafter during the winter months at 9:30 o'clock a. m. and divine service at 10:30 o'clock. All are welcome at all services at this church. A special meeting is due to be held next Sunday immediately after the morning service. All church members should be present at this meeting.

One of the many attractions of the
Armistice Day celebration was the

foot-ball game staged at ten o'clock
in the morning between St. Mary's
College of San Antonio and the
Hondo Outlaws. Witnessed by hun-
dreds of people from Hondo and

vicinity, the game was a thrilling

one from whistle to whistle. Not

even the Rock of Gibraltar could

have halted the raging Outlaws and

although St. Mary's played gamely,

she was unable to scope success-
fully with the driving attack of Hondo

and was forced to take the short end

of a 20 to 0 score.

St. Mary's won the toss and chose

to defend the south goal, Hondo

receiving. The whistle blew and the

game was on. The first quarter was

a see-saw affair with neither side

showing to much advantage, but

early in the second quarter Hondo

scored her first touch down when Joe

Wilson made a beautiful catch of a

forward pass and evading several

would-be tacklers fell across the goal

line. Hondo scored again in the

same quarter when after an ex-
change of punts which netted about

25 yards due to the excellent punt-
ing of Rath and the hard takling of

her ends, Rothe and Wilson, which

put the ball on the 15 yard line

from where Rath broke through the

line with a driving attack and crossed

the line for the second touch-
down. Hondo scored her last touch-
down in the third quarter when Joe

Wilson who had already proven his

ability to catch passes, went high

in the air to make an almost impos-
sible catch and took the ball across

the line after a 20 yard run.

Although we failed to get the

names of the St. Mary's team, they

all were a clean hard fighting bunch

of athletes and showed the highest

type of sportsmanship.

The Outlaws though handicapped

by only a few days of practice, drew

commendations for the spirit that

could mean only victory to them.

The Hondo line-up was as follows:

H. Wilson (Capt.) and Rothe, ends;

Gaines and Neuman, tackles; Mask

and Schuehle, guards; Boon, center.

F. Wilson and Ernest, halves; Rath

full-back; Fly, quarter-back.

ARMISTICE DAY CELEBRATION.

Armistice Day, November 11th, brought one of the largest crowds to Hondo ever assembled on any festive occasion. People came from every direction of the compass and for miles around. The management had ordered 2500 admission tickets and these were exhausted by noon. It is estimated that approximately five thousand people visited the grounds during the day, and there was something doing every moment to keep sport-lovers entertained.

The published program was carried out to the letter, the first feature being the

FOOT-BALL GAME.

One of the many attractions of the Armistice Day celebration was the foot-ball game staged at ten o'clock in the morning between St. Mary's College of San Antonio and the Hondo Outlaws. WAREHOUSE BURNED.

The warehouse of Monkhouse & Starnes located on the Southern Pacific tracks in the western part of the town was discovered to be on fire about 8:00 o'clock Sunday morning.

The fire company promptly responded and for two or more hours a most stubborn battle was fought, the fire being one of the hardest to bring under control that has ever occurred in Hondo. The warehouse was full of shelled corn and baled shucks and for a while the situation looked

decidedly threatening, but thanks to our modern fire-fighting apparatus and generous water supply, the fire was confined to the building in which it originated.

The origin of the fire is a mystery.

Both the owners of the warehouse worked inside the building late Saturday afternoon with but one door open, and believe had it been a case of spontaneous combustion they least would have detected the odor.

Also they say everything was perfectly dry, seeming to discredit the spontaneous combustion theory. How-
ever, they as well as everyone else, are at a complete loss to account for its origin.

While some insurance was carried on both the building and contents, their loss will be considerable, but until the adjuster comes they can-
not approximate their actual loss.

The shucks were a total loss and the corn, between 2,000 and 2,200 bushels, was badly damaged by both water and smoke and is practically valueless.

The fire company and its new equipment has been the recipient of much praise for the manner in which this fire was combated. Had the fire gotten beyond control it is hard to estimate the loss that would probably have resulted. The best investi-

gation Hondo ever made was the pur-
chasing of this equipment. Both the

chemical and pumper was used at this fire, but the burden fell on the pumper, which was stationed at the hydrant at the Hondo Mercantile corner and for two hours through sev-
eral hundred feet of hose, forced a

terrific stream of water on the in-
flammable contents of the warehouse.

The warehouse, a sheet iron build-
ing, is a practical loss from the floor
up which is several feet off the ground. The floor and foundation remain intact, suffering but little damage.

G. R. Taylor, the broom corn man, was here again Wednesday in the interest of his firm. Mr. Taylor will be back again about the first of December, and hopes at that time to line up his plan for contracting a large acreage of broom corn among our farmers. Mr. Taylor represents one of the strongest commission firms in Texas and their proposition is deserving of the most thoughtful consideration of our people.

News from the hospital in San Antonio where Mrs. August Kempf Sr., has just undergone a serious major surgical operation brings the cheering information that she came through the ordeal well, and if no complications develop she will be restored to her normal health. At last restored to her normal health. At last accounts point to a speedy recovery. Mr. Kempf is at her bedside.

Judge R. H. Burney was here last Saturday night and conducted a habeas corpus hearing in the case of the State vs. Isidor Guerrero.

Guerrero was indicted by the recent grand jury on a charge of Statutory rape. The Court fixed his board at \$2,000, in default of which he was remanded to the custody of the Sheriff, and is in the County Jail.

Gaines & Son report the following deliveries since our last report: Fritz Drotcourt, Castroville, Chevrolet coupe; Henry Weynard, D' Hanis, Chevrolet 1-ton truck; Louis Garteiser, D' Hanis, de luxe Chevrolet; J. F. Haegelin, Rio Medina, de luxe Chevrolet; D. C. Williams, Hondo, Chevrolet coupe.

Mrs. Joe Zerr and son, John Jacob Zerr, were in town Thursday from the ranch and while here called at this office to move up their dates to the Anvil Herald and FARMING. Mrs. Zerr says rain is badly needed and unless it comes soon there will be no winter oat pasture in her section.

Clint Rogers, after spending several weeks here as the guest of his parents, Mr. and Mrs. C. C. Rogers, left Thursday for Houston where he will enter the service of Uncle Sam and do some census work for the Star spangled vest old gentleman.

The County Commissioners Court held a brief session Monday. The only business attended to was the canvassing of the vote cast at the recent election, at the conclusion of which the Court recessed until next Monday, November 17th.

Mr. and Mrs. F. S. Cockrell and son, Tommy, left Friday morning for Big Wells where they will be the guests of Mrs. Hy. Rothe, Sr., and son, Roland Rothe, for the week-end.

Mr. and Mrs. H. V. Haass and Mr. and Mrs. Fletcher Davis and little daughter, Lucy, enjoyed a Sunday visit to the ranch-home of Mr. and Mrs. Armin Bendle last Sunday.

EDUCATION WEEK.

Education Week brings home to Americans the astonishing fact that this country ranks highest amongst enlightened nations in percentage of illiteracy. The Better Schools League calls timely attention to this amazing fact and gives these figures in proof:

Percentage of illiterates (persons ten years of age or over unable to write in any language, not necessarily English) in the United States, 6; Germany, two tenths of 1 per cent; Denmark, two-tenths; Switzerland, five-tenths; England, 1 and eight-tenths; France, nearest to the United States in this discreditable showing, stands only 4 and nine-tenths per cent. Illiteracy is not confined to any one section of our country but it is heavier in rural communities than in the larger cities. Nor is it to be attributed to the foreign-born for here are twice as many native-born illiterates as those of alien birth.

There are two major reasons for this condition. First, failure of too many communities to realize the importance of education and to subordinate their support for lesser civic enterprises. Next, the lack of accessibility to schools in sparsely settled communities. The Better Schools League is working in co-operation with rather than in competition with the other existing national organizations in its efforts to make attainable improvement in individual situations. Thus aid in organizing the best means for financing, equipping and conducting schools is given; a clearing house for the school activities of the nation is provided; and an agency familiar with the problems both of city and country schools is at hand.

One of the obstacles depriving the young of a fair educational start in life is inadequacy of school funds. It seems strange, says the Better Schools League, that at a time when we are beginning to estimate the real worth of things any community should be so indifferent in its support of its schools. Only a failure to realize what education means can explain such indifference. It seems so obvious that our schools are the instruments with which we build Americanism and breed better Americans; that they are our first line of defense against ignorance and anarchy; that they bring to our youth the equipment and training for greater ability and usefulness.

Our educational system, nationally, is fine. Communities, however, which do not measure up to our national standard and intellectually starve their young are contributing to educational delinquency. Our public schools are a common interest; they benefit all. Therefore, to make them easily accessible is a duty for which every man and woman is responsible. The means to develop better minds and healthier bodies should be neither denied nor stinted. Community interest in education should either be aroused or kept keenly alive. Schools must not be put on starvation rations. No tax

money can be more usefully spent than for education. Such communities as find the local burden too great have a remedy in legislative measures to equalize school revenues. Leaders in every community should realize that makeshift schools are a crime; insanitary schools, a menace; poor equipment, a waste.

The country school is probably the richest field for improvement. The 1920 Census shows one state with 69,000 illiterates, 60,000 of whom are in the rural districts. Is it any wonder that country boys and girls are lured to the cities where their craving for better education can be gratified? Country school districts can shut off the stream flowing of the cities by supplying modern educational facilities. Where the need is for aid and counsel of those experienced in school administration these are easily to be had.

The problem of school improvement is purely a local one. If there is sufficient provision it is the fault of the community. We are living in a period of higher costs, but incomes are larger too. The community should adjust itself to the new order of things. Education is the cheapest thing it can buy. Education Week is a good time to take stock of local conditions and outline policies of improvement.

Most of the people come over to buy as they can buy cheaper on this side, only about 5 per cent stay here. He handed us a report from his son, who is guard at the bridge, for the first 25 days in October which shows that some 84,828 people crossed the bridge into Texas.

LEND A HAND.

From the Sand Storm.

Since time immemorial man has been more or less dependent upon his fellow man for all or a part of his necessities. "No man lives unto himself." This is doubly true with a community.

The success of one man varies directly with the success of his neighbors. Admitting this hypothesis, it then behoves every man to be concerned about the welfare of everyone in the community.

The school, churches, roads, lodges, and other local organizations are a few of the avenues through which we can lend a helping hand. These are agencies which can be used to propel a community to its God-given destiny. If you cannot work with one, perhaps you can with another.

If you refuse to fit in some way into one of these agencies, you have missed the sweetness of life.

Not all of us can be leaders in every thing; some of us can be leaders in some things; and it is too much to say that no one can lead in anything. The average man can lead if all will cheerfully follow. It takes the exceptional individual to lead if only a few will follow and no one can lead where none will follow. But if we co-operate in every particular we develop from leaders into boosters and soon there is no contention except that noble contention or rather emulation as to who can best work and best agree.

No community can do its best socially, politically, morally or religiously without a program. Nothing of real importance "just happens." Accidents may be as fatal as others are profitable. The thing that means progress is to plan our work and then work our plan.

Programs are born of thought. Workable programs come from straight thinking. Beneficial programs result from honest thinking. While the best programs spring from judicial thinking. A "wide-awake" community is a community with a well-thought-out program.

No one is intentionally negligent. We are deeply concerned about our own affairs and forget that we are a part of the community and that its welfare rests upon our efforts.

"Everybody's business is nobody's business" is only an excuse for our negligence. Let us persuade you to cease talking about "what ought to be done" and do something; cease criticizing our neighbor when he is trying to do something and lend him a helping hand.

A series of fourteen conferences on Stewardship and Men's Work have been arranged for the Synod of Texas, Presbyterian Church U. S., by Dr. Brooks I. Dickey of Dallas, secretary of Stewardship and superintendent of Home Mission Work.

Dr. M. E. Melvin of Chattanooga, Tennessee, general secretary of the Assembly's Stewardship Committee and Rev. J. E. Purcell also of Chattanooga, executive secretary of the Men of the Church in the Southern Presbyterian Church will be present and speak in all of these conferences. Conferences are to be held at the following cities: Longview, Friday, November 7th, Dallas, Sunday November 9th and Monday November 10th, Fort Worth, Tuesday November 11th, Austin, Wednesday November 12th, Waco, Thursday November 13th, Bryan, Friday November 14th, Houston, Sunday November 16th and Monday November 17th, Mercedes, Tuesday November 18th, Corpus Christi, Wednesday November 19th, Cuero, Thursday November 20th San Antonio, Friday November 21st, El Paso, Sunday November 23rd and Monday November 24th, Sweetwater, Tuesday November 25th, Commerce, Wednesday November 26th.

In each of these places addresses will be made on the following subjects: "Setting up the Presbyterian Progressive Program" by Dr. M. E. Melvin, "The Financial Task of the Church" by a local man, "What the Synod is Doing" by Brooks I. Dickey, "The Quots for the Presbytery" by a local man, "The Budget of the Local Church, How Made up, How to Secure Commitment" by Dr. M. E. Melvin, "The Equipment Fund" by an assigned speaker, "Men's Work, Plan and Program" by J. E. Purcell. The visitors of the churches where these conferences are to be held will be on the program for devotionals and an address. In most places two sessions will be held daily, at 2:30 p. m. and 7:30 p. m., with a Men's supper at the church. Much interest is attached to these conferences and it is expected that the Presbyterian Progressive Program, the forward movement of the Southern Presbyterian Church, will be given a great stimulus by reason of these several gatherings.

UPPER HONDO.

No doubt many readers have read with interest the letter of Mr. Jagge strive for the goal that is noble and good; to heed the jealousy that causes the downfall of ancient Greece and work to attain the one great productiveness of this community and end—true brotherhood.

I would fain add a few more words but my paper shall be about the and work to attain the one great particularly the production of a meat Nov. 6, 1924. E. S. RIEBER.

There are communities that rise and decline with the success and failure of crops. Some communities must depend on only one kind of a crop. This community is blessed with the variety of crops and live-stock it is able to produce.

The production of cotton has declined in the last few years on account of the presence of the boll weevil. Besides this there are some crops that are very seldom known to fail. Of these, oats, corn, maize and cane are the most important.

The soil for the growth of these crops is very rich.

An abundance of fruit is also raised. Pears, peaches, plums and grapes are raised in great abundance. Besides the domesticated varieties, we have the wild dewberries, cherries, grapes, plums and pecans which thrive.

All kinds of vegetables grow exceedingly well.

Fish and game, such as the deer and turkey, afford pleasure to the hunter. The game is well protected in some localities, so as to prevent lawlessness and unnecessary slaughter of the game, by a game protective association.

Flocks of chickens and turkeys may be seen at every farm. Of the domestic animals, hogs, horses, mules, cattle, sheep and goats figure very prominently.

Peculiar as it may be the meat of the cattle, sheep and hogs has a particular name. That of the goat which has never been anything more than simply goat meat, has a name of its own now and officially recognized by the U. S. Department of Agriculture. It has been given the name of "chevon" and under this name it is hoped by goat men that "chevon" will be in greater demand hereafter. "Chevon" is equal to any meat in its taste and other values.

The goat has long had prejudices against it. It is no longer the old Spanish goat but it is a modern, well-bred and useful animal. He is a great browser and therefore makes brushy pasture better. Besides his meat, he grows a fine coat of hair known as mohair, it is fine and silky and makes a fine durable, cool and well-wearing cloth.

This country, as well as all of West and Southwest Texas, is a country well suited for the goat. It is recognized equal to or better than any in the world.

Above all, this community welcomes any good, progressive people as its neighbors. It is very desirous

DUBINSKY BROTHERS STOCK COMPANY.

NOTICE BY GUARDIAN OF APPLICATION TO MAKE MINERAL LEASE.

Dubinsky Brothers Stock Company giving a nightly performance each night this week under their big tent on College Square. The shows are light comedy dramas, interspersed with vaudeville, and from the time the jazz band strikes up its first tune at 7:30 until the curtain drops on the last love scene there is never a dull moment. People are coming from far and near and the big tent is crowded at each performance. If there is any evidence of success in applause, the company is making a big hit with the showgoers of Hondo. And if there is any good to come of laughter—and psychologists tell us there is—then the show has brought much good to our little city, for Hondo has not laughed so much in many moons as he has this week.

The engagement closes with a matinee at two o'clock this afternoon and the regular show tonight. At the night performance, the management gives away a diamond ring to the holder of the winning number. If you HAVE not seen the show—but who hasn't?—and want to have a good laugh, take our word for it and see these last performances.

TRIO-HONDO GAMES.

In a game of basket ball played Saturday afternoon, November 11, between the girls of Trio High School of Uvalde County and the Hondo High School girls, the visitors were defeated by a 22-10 score.

The girls game was followed by a game between the Trio Boys team and the Hondo Boys team, which resulted in a 7-13 victory for Hondo.

The Hondo line up was as follows: Fred Metzger and Milton Schwerer, forwards; Joe Wilson and Jesse James, Guards; Helmer Haegelin, centre; Subs: Dock Love and George Bentz. Referees, Brite of Hondo and Ernest of Trio.

UVALDE-HONDO GAME.

The Hondo High girls Basket Ball team played Uvalde on the latter's round last Saturday afternoon, losing to their opponents 18-22. It was to their credit that they were ahead the first half, 14-10. In the absence of their centre, Anne Davis, Rhoda Mae Taylor held the team in a creditable manner but naturally the team was unaccustomed to the change of players.

Line for Hondo: Rhoda Mae Taylor, Center; Iris Straw, running center; Captain Frances Neuman and Iviva Rothe, Guards; Jerry Fusselman and Irene Haass, forwards; Joe Miller, Substitute; Mrs. J. E. Williamson, referee and Mrs. Cockrell, empire.

MARRIED.

Mr. Charles Muennink and Miss Sally Mann, two young people of the flower Hondo, were quietly married at the home of Judge and Mrs. A. M. Lamm, Wednesday, November 12, 1924, the Judge performing the nuptial ceremony.

Mr. Muennink is a son of Mr. and Mrs. Folkert Muennink, and his bride the daughter of Mr. and Mrs. Louis P. Mann, well-to-do farmers of the lower Hondo. They have many friends among their acquaintances.

This paper joins the friends of the young couple in extending congratulations and best wishes.

LACOSTE LEDGERETS

From The LaCoste Ledger.
Mexican Run Down by Auto.

On or about 3 o'clock a. m. Sunday morning an aged Mexican was run down and dangerously hurt by an Auto driven by Anastacio Ruiz of this town.

It was found that the man hailed from Eagle Pass and that his name was Macedonio Torres. He was taken to the Robert Green Memorial Hospital in San Antonio for treatment. One of his legs was broken at several places and he had bad gashes on his head. Little hope is entertained for his recovery.

The Election In Medina County.

In the election on November 4th, 1924, 2480 votes were polled in Medina County, the heaviest on record. Mrs. Ferguson for Governor received 1565 and Dr. Butte 915, a majority for Mrs. Ferguson of 650. In Commissioner Precinct No. 2, including Castrovile, Mrs. Ferguson received 355, Butte 4; LaCoste, Ferguson 138, Butte 13; Dunlay, Ferguson 68, Butte 4; Riomedina, Ferguson 100, Butte 5; Cliff, Ferguson 33, Butte 9; Medina Lake, Ferguson 15, Butte 1; Total Ferguson 709, Butte 36, a majority for Mrs. Ferguson of 673.

It will be seen by this that outside of this precinct Dr. Butte carried the county. Those good Democrats of Hondo, Devine and Yancey gave Dr. Butte, the Republican Candidate a large majority. He carried Hondo by 25 votes, Devine by 120, and Yancey by 85. When the next Democratic Convention comes around we will see where the Delegates come from. This community and surrounding towns had to save the day in this County for constitutional government, and they are to be congratulated for doing so, as only by painstaking efforts was Medina County placed on the side of justice. Mrs. Ferguson's majority in the State will be about 100,000 which ought to satisfy her honorable opponent.

Mueller's Bakery Destroyed by Fire.

Last Friday morning about 10:00 o'clock fire of unknown origin completely destroyed Mr. Julius E. Mueller's Bakery at Castrovile, and part of his dwelling.

Mr. Mueller was visiting his family at Somerset at the time of the fire.

Immediately after the alarm was turned in by neighbors practically everyone rushed to the scene and the flames were checked in time to save the dwelling which was connected to the bakery.

Mr. Mueller's loss is partly covered by insurance.

The first successful deer hunters from here that we have learned of, were Messrs. Paul Tschirhart, Emil Mueller and Eugene Keller, who brought in a fine young buck the first of the week.

Otto W. Huegele from Yellow Banks was here on business last Thursday.

Messrs. R. O. Winkler from Cliff, Henry Haegelin from Yellow Banks and Arnold Wurzbach from Riomedina were here on Armistice Day.

Mr. and Mrs. Louis C. Lessing and son, Joe of Macdona were visiting Ben DeJorino at the Santa Rosa Infirmary.

Mr. and Mrs. O. J. Wurzbach and son, Clinton, of Cliff were visiting Paul Flathouse and family at Macdona Sunday.

Mr. and Mrs. Percy Chandler of San Antonio were visiting Mrs. Chandler's parents, Mr. and Mrs. Henry Kauffman here Monday.

Mrs. George Christilles and son, Daniel J., were visiting at Fredericksburg Sunday and Monday. They were accompanied home by Mrs. Daniel Christilles and son.

Joseph Courand of San Antonio and Hubert Zuercher of Castrovile were here for the Directors meeting of the LaCoste National Bank Tuesday.

Mr. Henry Biediger had the misfortune of falling 15 feet from a pecan tree while threshing pecans, Tuesday morning, November 11th. Dr. L. A. Koontz was immediately summoned who examined him after he was brought to his home here, and found that his right leg was broken in the hip. He was taken to the Santa Rosa Infirmary in San Antonio where an X-Ray picture was taken of the injured hip, which showed that the leg was broken in three places. At this writing he is getting along as well as can be expected under the circumstances.

EDUCATION SPEAKS.

I AM EDUCATION. I bear the torch that enlightens the world, fires the imagination of man, feeds the flame of genius. I give wings to dreams and might to hand and brain.

From out the deep shadows of the past I come, wearing the scars of struggle and the stripes of toil, but bearing in triumph the wisdom of all ages. Man, because of me, holds dominion over earth, air and sea; it is for him I leash the lightning, plumb the deep and shackle the ether.

I am the parent of progress, creator of culture, wielder of destiny. Philosophy, science and art are the works of my hand. I banish ignorance, discourage vice, disarm anarchy.

Thus have I become freedom's citadel, the arm of democracy, the hope of youth, the pride of adolescence, the joy of age. Fortunate the nations and happy the homes that welcomes me.

The school is my workshop; here I stir ambitions, stimulate ideals, forge the keys that open the door to opportunity. I am the source of inspiration; the aid of aspiration. I AM IRRESISTIBLE POWER.

HONDO TO HAVE NEW PICTURE SHOW.

Hondo's new picture show will open next Tuesday night with its initial show—"Find Your Man," featuring Rin-tin-tin, the famous Russian police dog. Thereafter there will be a show each Tuesday, Friday and Saturday nights. Mr. Jennings informs us that his bookings are all first-run pictures, thus assuring good films. His machine is an \$825.00 equipment and his screen is a \$168.00 one. This is the same kind of equipment that is used in the Empire at San Antonio, and assures Hondo of the very best that is to be had in the moving picture line.

Messrs. Jennings & Crow have re-arranged the old Christian Church building, one block south of the depot, just across the street from the Hondo Lumber yard, and now have an up-to-date moving picture theatre with a seating capacity of 250 people.

They assure the movie-lovers of Hondo a motion picture service that will be first-class in every particular, and they hope to receive a generous patronage.

POULTRY

Condition of Hen House Factor in Productivity

The condition of their winter quarters is a potent factor in the productivity of poultry flocks. Only healthy, contented hens produce eggs in paying numbers. While on range most hens both lay and pay, because conditions are such that they are perfectly healthy. Sanitation then takes care of itself and constant exercise, coupled with natural selection of food having widely differing properties, gives ideal conditions for high production. Because conditions differ widely in these particulars during the seasons when fowls are confined, results are not as satisfactory.

"To counteract unsatisfactory results," says A. C. Smith, poultry husbandry leader at University Farm, "proper sanitary measures must be practiced. Begin by putting the young flock in a clean house this fall. Clean and disinfect the house thoroughly. Remove and burn all floor and nest litter. Remove all fittings, such as nest, roost, roosting platforms, and water stands; clean and paint with a good liquid disinfectant. Kerosene to which has been added a little strong, crude carbolic acid serves the purpose, us do several commercial disinfectants.

"Brush down the walls and ceiling, remove as much of the old earth as seems necessary, paint the walls with the same disinfectant as the fittings and put in fine or sandy loam to the depth of four to six inches. Replace the fittings, and let the house air well for a week or more before putting in the young stock."

THAT CAN-OPENER.

"Can I see the lady of the house?" asked the canvasser.

"Yes, you can."

"Well, madam, I am selling a can opener which cannot be beaten. It opens any can that can be opened with a can opener, and any can can be opened with this can opener that can be opened by any can opener. If you show me a can I can—"

"But the door had shut and he could not.—Family Wash.

MRS. JOHN E. NEUMAN, Dunlay, Texas.

An incipient fire caused some little excitement at Windrow's Drug Store Saturday morning. No damage. The services of the fire company not even being called. The fire originated in the waste basket, under the desk, but we are not advised as to how it started. Perhaps Mr. Windrow was merely trying to draw a crowd to boost business.

Zen of The Y.D.

A NOVEL OF THE FOOTHILLS
by Robert Stead
AUTHOR OF
THE COW PUNCHER
THE HOMESTEADERS
NEIGHBORS ETC

A story of thrill and charm, dealing with a present-day section of the Canadian West that still retains a number of frontier characteristics. It brings us into intimate acquaintance with a typical, attractive daughter of the region. The principal male character is very unusual to western fiction—an easterner who brought some startling, but none the less interesting, ideas into a new country.

The story is strong and absorbing, and its people are living and endearing; a tale that will appeal straight to men and women today.

Will Be Printed in Serial Installments in FLETCHER'S State Rights FARMING Beginning August 1st.
